Craven Literacy Council

Enhancing Life Skills through Literacy

*Meet Tony**

Tony came to Reviving Lives Ministries when the doors first opened. Tony was homeless and referred to RLM from a local homeless shelter. Tony was unhealthy, unemployed and left to his own devices, could not stop drinking. He quickly grabbed on to the fellowship in AA, obtaining a sponsor and learning tools to cope with life. Tony worked very hard in the RLM program and followed house rules, passed drug tests, and was a valued role model in our men’s house. Tony volunteered at a nearby shelter, stocking and cleaning. He eventually became employed as the full-time janitor and maintenance director. This was an enormous achievement and gave Tony a true sense of purpose
